

What If Everything We've Been Told About Recent History Is a Lie?

Description

"Behind the War on Terror is a strategic plan crafted decades in advance to redraw the map of the Middle East. 9/11 was a false-flag operation blamed on Muslims ..."

By [Chuck Baldwin](#)

It is totally amazing to me that the same people who say they don't believe the mainstream media (MSM) and government (Deep State) versions of current events—which is why they voted for and love Donald Trump—have absolutely no reservations about accepting the official story that the 9/11 attacks were the work of jihadist Muslims and that America's "War on Terror" is completely legitimate.

These "always Trumpers" are dead set in their minds that America is at war with Islam; that Trump's bombings of Syria were because President Assad is an evil, maniacal monster who gassed his own people; and that Trump's expansion of the war in Afghanistan is totally in the interests of America's national security.

BUT WHAT IF ALL OF IT IS A BIG, FAT LIE?

What if the Muslims had NOTHING to do with 9/11?

What if Bashar al-Assad did NOT gas his own people?

What if America's "War on Terror" is a completely false, manufactured, made-up deception?

What if America's military forces are mostly fighting for foreign agendas and NOT for America's national security or even our national interests?

What if America's war in Afghanistan is a fraud?

What if the entire "War on Terror" is a fraud?

The Trump robots have bought into America's "War on Terror" as much as Obama's robots and Bush's robots did. Bush was elected twice, largely on the basis of America's "War on Terror." Obama campaigned against the "War on Terror" and then expanded it during his two terms in office. Trump campaigned against the "War on Terror" and then immediately expanded it beyond what Obama had done. In fact, Trump is on a pace to expand the "War on Terror" beyond the combined military aggressions of both Bush and Obama.

But who cares? Who even notices?

America is engaged in a global "War on Terror." Just ask G.W. Bush, Barack Obama, Donald Trump, ABC, CBS, NBC, CNN, FOX News, The Washington Post, the New York Times and the vast majority of America's pastors and preachers. They all tell us the same thing seven days a week, twenty-four

hours a day. Liberals scream against Trump, and conservatives scream against Maxine Waters; but both sides come together to support America's never-ending "War on Terror."

But what if it's ALL a lie? What if Obama and Trump, the right and the left, the MSM and the conservative media are all reading from the same script? What if they are all (wittingly or unwittingly) in cahoots in perpetuating the biggest scam in world history? And why is almost everyone afraid to even broach the question?

Left or right, liberal or conservative, Democrat or Republican, secular or Christian, no one dares to question the official story about the 9/11 attacks or the "War on Terror."

And those who do question it are themselves attacked unmercifully by the right and the left, conservatives and liberals, Christians and secularists, Sean Hannity and Chris Matthews. Why is that? Why is it that FOX News and CNN, Donald Trump and Barack Obama, Chuck Schumer and Ted Cruz equally promote the same cockamamie story about 9/11 and the "War on Terror?"

Why? Why? Why?

Tell me again how Donald Trump is so different from Barack Obama. Tell me again how Ted Cruz is so different from Chuck Schumer. They all continue to perpetuate the lies about 9/11. They all continue to escalate America's never-ending "War on Terror." They are all puppets of a global conspiracy to advance the agenda of war profiteers and nation builders.

The left-right, conservative-liberal, Trump-Obama paradigm is one big giant SCAM. At the end of the day, the "War on Terror" goes on, bombs keep falling on people in the Middle East who had absolutely NOTHING to do with 9/11 and the money keeps flowing into the coffers of the international bankers and war merchants.

All of the above is why I am enthusiastically promoting Christopher Bollyn's new blockbuster book [*The War on Terror*](#).

Of course, Bollyn is one of the world's foremost researchers and investigators into the attacks on 9/11. He has written extensively on the subject. But unlike most other 9/11 investigators, Bollyn continued to trace the tracks of the attacks on 9/11. And those tracks led him to discover that the 9/11 attacks were NOT "the event" but that they were merely the trigger for "the event." "What was the event?" you ask. America's perpetual "War on Terror."

As a result, Mr. Bollyn published his findings that the attacks on 9/11 were NOT perpetrated by Muslim extremists but by a very elaborate and well financed international conspiracy that had been in the planning for several decades. Bollyn's research names names, places and dates and exposes the truth behind not just 9/11 (many have done that) but behind America's "War on Terror" that resulted from the attacks on 9/11.

IT'S TIME FOR THE TRUTH TO COME OUT!

And Christopher Bollyn's investigative research brings out the truth like nothing I've read to date. His research connects the dots and destroys the myths.

Mr. Bollyn's research is published in a book entitled (full title): [*The War On Terror: The Plot To Rule The Middle East*](#)

. I mean it when I say that if enough people read this book, it could change the course of history and save our republic.

[...]
Folks, 9/11 was a deception. The “War on Terror” is a deception. The phony left-right paradigm is a deception. FOX News is as much a deception as CNN. The “always Trump” group is as much a deception as the “never Trump” group. America has been in the throes of a great deception since September 11, 2001. And this deception is being perpetrated by Republicans and Democrats and conservatives and liberals alike.
