

## STOP BILL GATES: White House Petition To Investigate Bill Gates For Crimes Against Humanity To Hit 500,000 Signatures

### Description

## Here's where to sign it

A petition to investigate Bill Gates for “crimes against humanity” and “medical malpractice” has gained a staggering 289,000 signatures from concerned citizens, almost tripling the number required to get a response from the White House. Because the petition is only ten days old, it may hit half a million signatures.

The “We the People” [petition](#) < — *which can be signed by going to that site* — asks the federal government to call on Congress to investigate the [Bill and Melinda Gates Foundation](#), stating that “Congress and all other governing bodies are derelict in duty until a thorough and public inquiry is complete.”

The petition created on April 10 reached the threshold of 100,000 signatures within days and is currently one of the most popular petitions on the site.

This petition comes as [change.org](#) eliminated a similar petition for the UK.

As the White House’s “[We the People](#)” [website explains](#), the petition platform empowers every American citizen “to become an agent of change” – and, if a petition gains 100,000 signatures in 30 days, the White House will “make sure it gets in front of the appropriate policy experts”.

“We the People is a platform that empowers the American public to take this action like never before – it’s a way for anybody, anywhere, to speak directly to the government and become an agent for change.

“With We the People, you can easily create a petition online, share it, and collect signatures. If you gather 100,000 signature in 30 days, we’ll review your petition, make sure it gets in front of the appropriate policy experts, and issue an official response.”

Robert F. Kennedy Jr., the nephew of former President John F. Kennedy, has also sharply criticized Gates for what he [describes](#) as a “messianic conviction that he is ordained to save the world with technology.”

“Vaccines, for Bill Gates, are a strategic philanthropy that feed his many vaccine-related businesses (including Microsoft’s ambition to control a global vac ID enterprise) and give him dictatorial control over global health policy—the spear tip of corporate neo-imperialism,” Kennedy Jr. wrote.

“Gates’ obsession with vaccines seems fueled by a messianic conviction that he is ordained to save the world with technology and a god-like willingness to experiment with the lives of lesser humans.”

As we look at events surrounding the “COVID-19 pandemic,” various questions remain unanswered. On Oct. 18th of 2019, only weeks prior to ground zero being declared in Wuhan, China, two major events took place. One is “Event 201,” the other is the “Military World Games,” held in none other than Wuhan. Since then a worldwide push for vaccines & biometric tracking has been initiated.

At the forefront of this is Bill Gates, who has publicly stated his interest in “reducing population growth” by 10-15%, by means of vaccination. Gates, UNICEF & WHO have already been credibly accused of intentionally sterilising Kenyan children through the use of a hidden HCG antigen in tetanus vaccines.

Congress & all other governing bodies are derelict in duty until a thorough and public inquiry is complete.
