1. Our research has established that **the crimes represented a deliberate campaign of depopulation.**
2. The primary agents responsible for this genocide were the Canadian federal government and the Crown of England, the Vatican, and Roman Catholic, Anglican and United churches of Canada.
3. During the 107 year period of the residential schools' operation, the perpetrators were routinely protected by both government and church officials.
4. Native children began dying in droves the very first year the residential schools opened in 1889.
5. **The enormous mortality was the result of institutionalized germ warfare.**
6. The ongoing high mortality rate was also caused by a continual denial of regular food, clothing and proper sanitation to children interned in the schools, amidst a regime of routine and systemic rapes, beatings, tortures and killings: conditions that continued unabated for over a century, from 1889 to 1996.

7. Despite these murderous conditions, attendance in the residential schools was made mandatory for all native children under a federal law enacted in 1920. Significantly, all government medical inspection of the schools was terminated that same year.

8. In the decade that followed this institutionalization of mass murder, special laws were passed across Canada that a) allowed the involuntary sexual sterilization of any residential school child, b) denied Indians the right to hire a lawyer or bring a case into court, and c) made the churches that ran the schools the legal guardian of the children.

9. Despite **the death or disappearance of at least 66,000 children in these schools** over a century and numerous statements of eyewitnesses to killings, not a single person has ever been charged or tried in a Canadian court for the death of one of these children.

Hidden From History: The Canadian Holocaust

Residential schools -
Between 1820 and 1969,
Government sponsored,
United Catholic Church
boarding schools, educated
"savage" Indian and Eskimo
children into Christianity.

Ten months of the year Native children were taken away from their families and culture, severely punished if caught speaking their own indigenous language, never allowed to laugh, to read, to hug, or talk of their Native heritage, deeply scarring them for life. Now revealed, pedophilia rings, torture, sterilization, and experiments at the hands of the nuns and priests. **Designed for genocide, the schools had a 50% death rate.**

Armed with bible verses, the church mass murdered Indians who refused to convert, and then stole their land. Over the years, millions died from the intentional spread of tuberculosis and smallpox.

Truth Does Not Fear Investigation

10. The Canadian government and the Catholic, Anglican and United churches have engaged in a continual and illegal obstruction of justice for decades to conceal and destroy the evidence of their residential school crimes.

They have done so by obliterating school records, silencing and killing eyewitnesses and survivors as well as in-house whistleblowers, destroying the remains and mass graves of children who died in the schools, and constructing a false narrative about the schools.

This enormous falsification and cover up culminated in an official whitewash of their genocide established by them known as the "Truth and Reconciliation Commission" (TRC), which censored and misrepresented the residential schools genocide from start to finish.

11. Extermination of indigenous nations is not only continuing but is expanding because of its continued importance to the resource extraction-based Canadian economy.

Both foreign capital and domestic politics require that Indians in Canada continue to be made landless, impoverished and eradicated, and profited from in the process.
