

## Athletes Around the World are Dropping Like Flies with Heart Problems

### Description

Someone has put together a video montage showing the sheer volume of athletes around the world dropping like flies with heart problems.

And the corporate media calls this a “mystery.”

How many people ever heard of the word “myocarditis” prior to the COVID shots?

But don’t blame it on the “vaccines.” That would be politically incorrect.

Mark Payne in the UK is keeping [a fast growing list of these stories here](#).
