

Judas Goat is the Satanic Symbol. Is that Dr. Fauci?

Description

A **Judas goat** is a trained [goat](#) used in general animal [herding](#). The Judas goat is trained to associate with sheep or cattle, leading them to a specific destination. In stockyards, a Judas goat will lead sheep to slaughter,^[1] while its own life is spared. Judas goats are also used to lead other animals to specific pens and onto trucks. They have fallen out of use in recent times,^[citation needed] but can still be found in various smaller slaughterhouses in some parts of the world, as well as conservation projects.^[2]

[Cattle herders](#) may use a Judas steer to serve the same purpose as a Judas goat. The technique, and the term, originated from [cattle drives in the United States](#) in the 1800s.^{[3][4][5]}

The term is a reference to [Judas Iscariot](#), an apostle of Jesus Christ who betrayed Jesus in the Bible.

[Eliphas Levi](#)'s Sabbatic Goat (known as The Goat of Mendes or [Baphomet](#)) has become one of the most common symbols of Satanism.^[64]
