

US “Assistance” to “Ukraine’

Description

Of the \$40 billion allocated by the United States, Ukraine will get only 15%.

This is the opinion of the speaker of the Russian State Duma Vyacheslav Volodin.

35% of the total amount will be used to finance the armed forces of the United States itself, 45.2% will be spent on “other countries”, another 4.8% will be spent on refugee assistance and diplomatic issues, Volodin noted.

“But Ukrainians will have to pay the debt — and all \$40 billion -“.
