

We Are Trapped In A Show Directed By Psychopaths

Excerpts

“Whether in actual fact the policy of the boot-on-the-face can go on indefinitely seems doubtful. My own belief is that the ruling oligarchy will find less arduous and wasteful ways of governing and of satisfying its lust for power, and these ways will resemble those which I described in Brave New World. Within the next generation I believe that the world’s rulers will discover that infant conditioning and narco-hypnosis are more efficient, as instruments of government, than clubs and prisons, and that the lust for power can be just as completely satisfied by suggesting people into loving their servitude as by flogging and kicking them into obedience.” – **Aldous Huxley – Letter to George Orwell about 1984 in 1949**

“There will be, in the next generation or so, a pharmacological method of making people love their servitude, and producing dictatorship without tears, so to speak, producing a kind of painless concentration camp for entire societies, so that people will in fact have their liberties taken away from them, but will rather enjoy it, because they will be distracted from any desire to rebel by propaganda or brainwashing, or brainwashing enhanced by pharmacological methods. And this seems to be the final revolution” ? **Aldous Huxley**

When I step back from the day-to-day minutia and trivialities flooding my senses from all directions and media devices, **it almost appears as if I’m living in a highly scripted reality TV program where the characters and plots are designed to create passions and reactions to support whatever narrative is being weaved by those directing the show.** Huxley really did foresee the future as clearly and concisely as anyone could, decades before his dystopian vision came to fruition.

Orwell’s boot on the face vision is only now being initiated because a few too many critical thinkers have awoken from their pharmaceutically induced stupor and begun to question the plotline of this spectacle masquerading as our reality. The mass formation psychosis infecting the weak-minded masses; **relentless mass propaganda designed to mislead, misinform, and brainwash a dumbed down and government indoctrinated populace**; and complete control of the story line through media manipulation, regulation, and censorship of the truth; has run its course. As Charles Mackay stated 180 years ago, **the masses go mad as a herd, but only regain their senses slowly, and one by one.**

My recognition that the world seems to be scripted and directed by Machiavellian managers, working behind a dark shroud, representing an invisible governing authority, molding our minds, suggesting our ideas, dictating our tastes, and creating fear, triggered a recollection of the 1998 Jim Carrey movie – The Truman Show. The movie, directed by Peter Weir (Gallipoli, Witness, Dead Poet’s Society), had the surreal feel of Forest Gump, while beckoning the horrendous introduction of reality TV (Big Brother,

Survivor), which poisons our shallow unserious society to this day. **The plot of the movie focuses on individuality versus conformity, consumerism, voyeurism, reality versus manipulation, false narratives, the truth about the American Dream, and the dangers of surveillance in a technologically advanced society.**

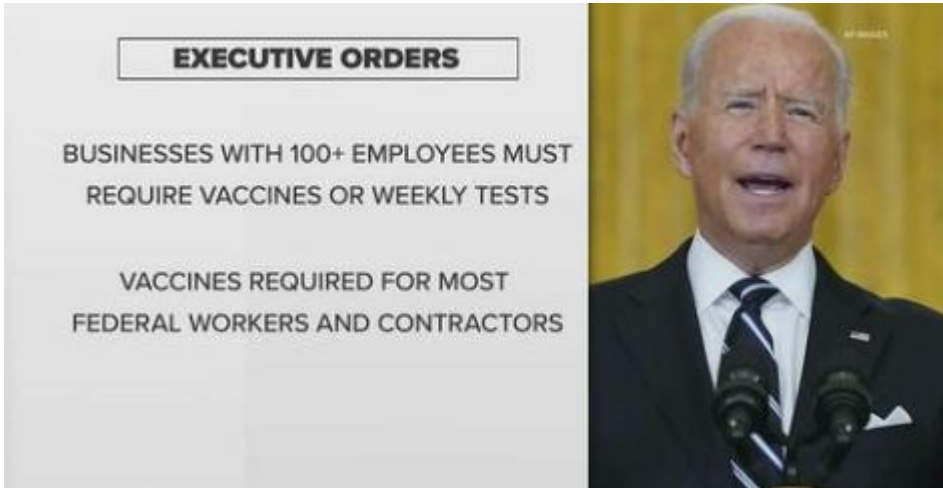

But this psychological phenomenon is not new to mankind, as Plato described an ancient Truman Show analog in the 6th Century with his Allegory of the Cave. The nature of human beings has not changed across the trials and tribulations of history.

In the allegory, Plato describes a group of people who have lived chained in a cave all their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them and give names to these shadows. The shadows are the prisoners' reality but are not an accurate representation of the real world. An enlightened man is like a prisoner who is freed from the cave and comes to understand the shadows on the wall are not reality.

The ignorant inmates do not desire to leave their prison/cave, for it is the only life they know, and they fear reality. The fire and the puppets, used to create shadows, are controlled by artists. Plato indicates the fire is also the political doctrine taught by a nation state. The artists use light and shadows to indoctrinate the masses with the dominant doctrines of the times. Few humans ever escape the cave. Most humans will remain at the bottom of the cave, with a small few elevated as major artists, to project the shadows keeping the masses disoriented, confused and fearful.

“Whereas the truth is that the State in which the rulers are most reluctant to govern is always the best and most quietly governed, and the State in which they are most eager, the worst.” ? **Plato, The Allegory of the Cave**

"Most people are not just comfortable in their ignorance, but hostile to anyone who points it out." ? Plato, The Allegory of the Cave

The State is run by an eager group of psychopaths who are hell bent on destroying our civil society and common culture on behalf of globalists attempting to implement their Great Reset agenda, and enforcing it through technological surveillance, mind control through propaganda messaging, and strict management of the daily plot via mainstream media and social media censorship of the truth. As Plato contemplated fifteen centuries ago, most men will remain in their cave, believing shadows presented by their overlords is reality, never questioning their servitude or seeking the truth.

Never has this fact been truer than during this covid pandemic reality show directed by our Christof – mass murderer Anthony Fauci. The willful ignorance of the masses was assumed by the covid controllers who cast shadows of fear and death on the cave walls of the locked down extras in this well-orchestrated reality show. Using a purposefully misleading PCR test to vastly overestimate “cases”, paying hospitals to classify all deaths as covid, and having the propaganda professionals at CNN, MSNBC and Fox showing Covid Death Counters on their screens 24/7 to terrify the masses into compliance was the Covid Show.

Once the fear level was ramped to eleven on the control dial, the producers of this show introduced the miraculous Big Pharma vaccine antidote to save the day. Their script was so believable they were able to convince over 5 billion members of their captive audience to inject themselves with an untested, unproven genetic therapy, that didn't prevent you from catching, transmitting, getting sick, being hospitalized, or dying from the Fauci funded Wuhan lab produced virus. **But, as a dramatic twist to the tale, it seems the “vaccine” causes myocarditis, blood clots, infertility, miscarriages, heart attacks, cancer, and sudden death.**

Despite the obvious dangers and failures of these “vaccines”, those bullied into getting jabbed became so comfortable in their ignorance, they were easily persuaded to hate the unjabbed and wish for their deaths. Orwell's “Two Minutes of Hate” was extended for over a year and continues to this day. Rather than think critically and question why annual flu cases averaged 35 million per year prior to 2020 but dropped to near ZERO during the covid “emergency”, the cave dwellers lashed out in anger at anyone questioning the plot, because to admit they were duped would destroy their self-esteem and decrease their virtue signal credits.

The annual flu didn't disappear. Covid was the annual flu, with a multi-billion-dollar marketing campaign. This wasn't a pandemic, but an IQ test, and most people failed miserably. But the critical thinking unvaxxed are still considered the enemy of the state, especially since they have been proven

right.

Whether we are trapped in an artificial world produced in a dome, cave, or our current technologically advanced surveillance propaganda state, the goal of those controlling our false reality is to take away our freedoms, crush dissent, keep us ignorant of the truth, and treat us as plebs to be taxed and molded. Christof, whose name is supposed to invoke him being a god-like figure ruling over Truman's world, declares Truman could discover the truth and leave at any time, while using every diabolical trick to keep that from ever happening, because his show generated revenues exceeding the GDP of a small country.

Truman and ourselves are essentially prisoners in a vast production, and our overlords believe it is their duty to convince us to love our servitude and prefer our cells, because it is financially beneficial to the overlords and their crew.

Our world is not fake, but it is tightly controlled by those running the show. Seemingly random events, plots, and subplots are manipulated to generate specific emotions and reactions by the public in order to achieve the objectives of those benefitting from the various storylines. They are molding our minds and forming our tastes through psychological and technological manipulation of our daily existence. Christof explained why most rarely discover the truth or question the world they live in – *“We accept the reality of the world with which we’re presented. It’s as simple as that.”*

We have allowed men we have never seen to dictate how we live our lives, the choices we make, and which politicians and “experts” to believe, without ever putting in the effort to understand why we are being prodded to do so. **We are locked in a self-imposed prison of desires, emotions, and needs through mass media messaging and a constant barrage of advertisements.** Conformity and obedience are the desired traits sought by the ruling class, while individuality and skepticism are frowned upon and punished through social ostracism.

We are conditioned from birth to believe what they tell us to believe. Government school indoctrination and mass media misinformation does the trick. Distracted by our techno-gadgets and ignorant of truth is how the globalist oligarchs methodically implement their Great Reset agenda. They are so convinced of the ignorance of the masses they openly proclaim their depopulation and techno-prison schemes with no fear of push back or retribution.

This is exactly how our controllers treat the ignorant masses. They feed us stories designed to make us fearful and compliant to the exhortations of their paid experts. **Paid to lie. Paid to misinform. Paid to persuade people a dangerous concoction is “safe and effective”.** The evilness of using Sesame Street characters to convince four-year-old children they need this Big Pharma gene altering toxic brew, even though essentially ZERO children on earth died from covid, is a testament to the greed and malevolent impulses of those in power. Vast amounts of ever-increasing advertising revenue are what kept The Truman Show on the air for thirty years.

The covid advertising campaign will never be topped, as Hollywood stars, top athletes, famous writers, rock legends, supposedly impartial journalists, and all the major networks said **SHOW ME THE MONEY!!!!** Everyone was for sale, and all they had to do was lie and say the jabs were “safe and effective”. Product placement was the money-making formula for the Truman Show, while hard selling a Big Pharma phony cure over the airwaves 24/7 using the tax dollars of the victims was the final solution of the Great Reset Cabal.

“Anyone who has common sense will remember that the bewilderments of the eyes are of two kinds, and arise from two causes, either from coming out of the light or from going into the light” ? Plato, The Allegory of the Cave

This world of manufactured dystopian pleasure harkens more towards Huxley’s Brave New World, where pharmaceuticals and conditioning would keep the public seeking pleasure, pre-occupied with trivialities, distracted by materialism, unable to think critically, and reduced to passivity and egoism through the control of messaging by their controllers. Our efficient totalitarian state has gained complete control by convincing the masses to love their servitude and beg for more rules, restrictions, and reduction of liberties in the name of safety and security.

Smart phones, smart cities, and smart streets are nothing more than code for spying on you and controlling you. Truman finally understood his liberty was his to choose and not Christof’s to give. There is a small minority of Americans who are realizing the same thing after two years of totalitarian measures designed to take away our freedoms and liberty. The question is whether enough will exit this tyrannical government produced show to make a difference. The future of mankind literally depends on the answer to this question.

“Liberties aren’t given, they are taken.” T? Aldous Huxley

“A really efficient totalitarian state would be one in which the all-powerful executive of political bosses and their army of managers control a population of slaves who do not have to be coerced, because they love their servitude.” ? **Aldous Huxley, Brave New World**

Just as those controlling the Truman Show were not doing it for Truman's benefit, but for their enrichment, those controlling the puppet strings of our society today had no interest in our health over the last two years, our financial well-being, our psychological well-being, or the peaceful rational functioning of our civilization. **They have no interest in securing our border, reducing crime, holding fair elections, promoting peaceful solutions to global conflict, or allowing the truth to reach the masses.** Their agenda has been and continues to be, the destruction of our civilized society, obliteration of our core standards and norms, depopulation of the planet, confiscation of our wealth, and ultimately our enslavement through technological shackles and chains.

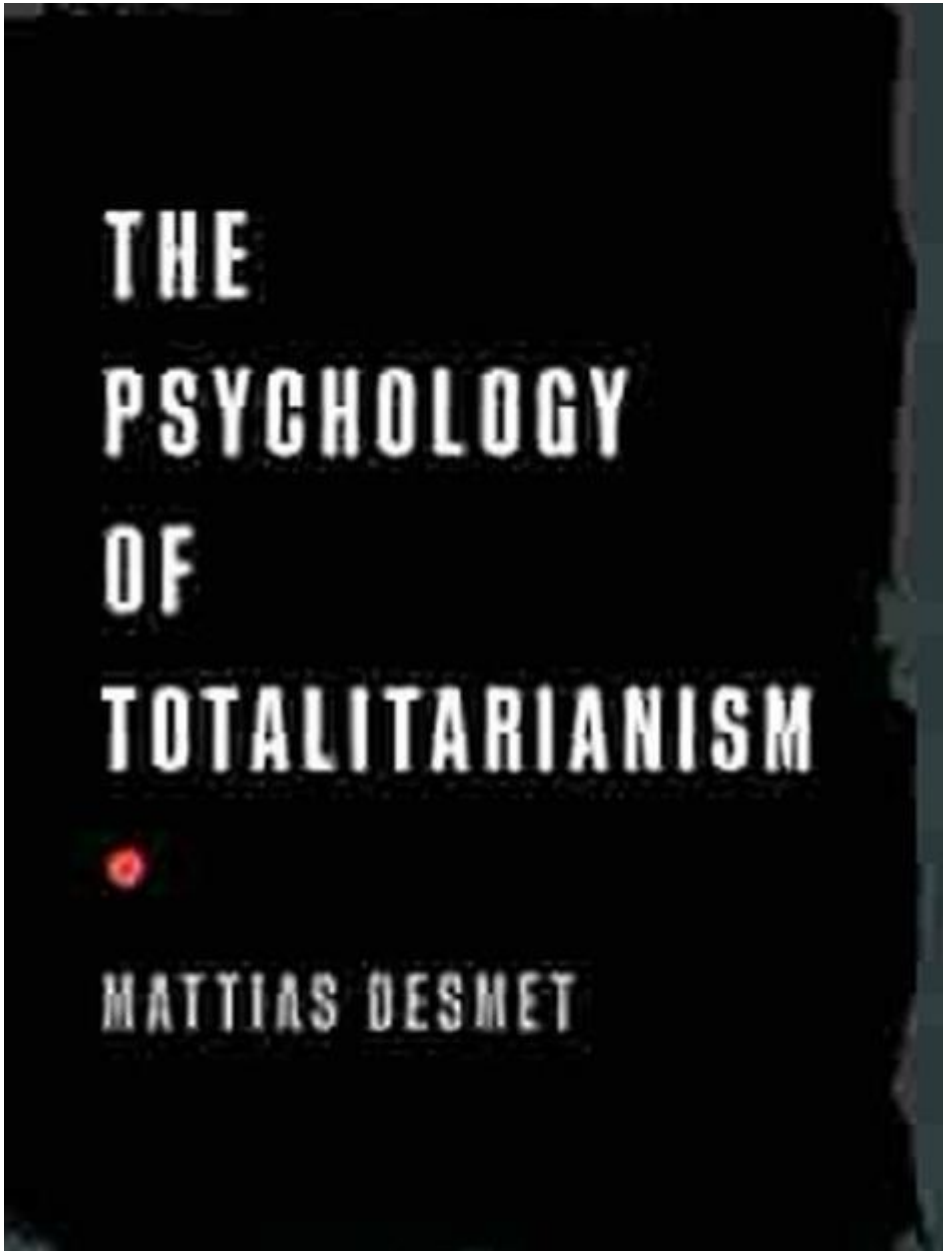

As Huxley noted decades ago, technology has just provided our civilization with a more efficient means of going backwards. **Technology is being used by our controllers to monitor our movements, communications, and to surveil, distract, and amuse us to death.** It is no longer a force for good, but a means to control us. They plan to use technology to disarm their citizens through increasingly authoritarian regulations, sold as keeping us safe from mass shooters.

Their climate agenda isn't about the climate, but about complete control of the masses. When government and their social media attack dogs monitor the citizens for “hate speech and misinformation”, and dole out retribution at their whim, our system is profoundly broken and extremely warped. They are supposed to answer to us. But these megalomaniacs have much bigger agenda.

We've lost all sense of reality, reason, and truth in a profoundly abnormal world, created by those we allowed to ascend to power through the control and influence of shadowy globalist billionaires operating as an invisible government, with Deep State apparatchiks doing the dirty work. Schwab, Gates, Soros, the World Economic Forum, and whoever hides in the shadows behind these psychopaths, intend to control the entire world and steal all the wealth because they believe they are smarter, more ruthless, and know what's best for the lowly peasants polluting their satanic playground planet.

They know facts can be ignored when they've conditioned the masses to be willfully ignorant. They know they can lie without implications, but even more powerful, they can stay silent about the truth through censorship, suppression, and cancellation of truth tellers. The adaptation of the masses to this abnormal society, created by evil power-seeking men, is a form of mental illness – or as documented by Mattias Desmet in his book **The Psychology of Totalitarianism – Mass Formation Psychosis**.

“The real hopeless victims of mental illness are to be found among those who appear to be most normal. Many of them are normal because they are so well adjusted to our mode of existence, because their human voice has been silenced so early in their lives that they do not even struggle or suffer or develop symptoms as the neurotic does. They are normal not in what may be called the absolute sense of the word; they are normal only in relation to a profoundly abnormal society. Their perfect adjustment to that abnormal society is a measure of their mental sickness. These millions of abnormally normal people, living without fuss in a society to which, if they were fully human beings, they ought not to be adjusted.” ? **Aldous Huxley, Brave New World Revisited**

I know I will never adapt or adjust to this abnormal society. We certainly can't change a system, so thoroughly rigged and controlled (e.g., 2022 Arizona election and the 2020 presidential election),

through traditional means. Those in control can easily buy-off our politicians, scientists, doctors, academics, TV personalities, and journalists to spin whatever web they choose, enabling their despicable anti-human agenda of deviancy. **The only viable solution is the individual solution of walking away from this phony world.**

Armed revolution is a non-starter, as the oligarchs have far more firepower, and the dissenters are unorganized and scattered. A form of 'Irish Democracy' where a silent dogged resistance, marked by the withdrawal from society, belligerence to authority and non-compliance with government dictates by millions of ordinary people would accomplish far more than rioting and armed revolution. Millions have already practiced a form of Irish Democracy by not masking, not social distancing, not getting jabbed, and taking control of their own health decisions.

They have almost sealed the escape hatch in this dystopian paradise of pleasure and pain. They know their techniques of control through fear work like a charm. **Their final task to achieve total control is central bank digital currencies (CBDC), where everything we buy and sell is tracked digitally, so taxes can be levied, your life tracked, and if you choose to dissent from government directives, your ability to utilize CBDCs will be turned off. Micro-chipping us is next on the agenda.**

We need to reduce our tax and digital footprint now. It might seem hopeless in going to battle against these vile, vindictive vermin, but the solution is to not play. Many have already walked away from the modern world, taking to the country – farming, homesteading, bartering, and only giving to Caesar the bare minimum. **They've chosen a hard, but a far more fulfilling life.**

The more people who disassociate from their fake world, the weaker they get. As their hold on our lives weakens, they will lash out. This is why it is important to be armed. Direct armed confrontation with the establishment's forces is foolish, but guerrilla tactics on land you know would start to eat away

at the morale of the paid police thugs sent to enforce their dictates. The beast isn't as strong as it portrays. It's broke and its empire of debt is crumbling.

If millions walk out the exit door, the beast will begin to starve and eventually die. Maybe a new, less complex, smaller, more community-oriented society could be born from the ashes. Tribe up with like-minded individuals with different skills, if possible. There is hope if enough patriots decide to regain their senses and walk away from this abnormal society, leaving our totalitarian Christofs to wallow in their failure to control the truly awoken.
