

## Who are the Warmongers? A Video from Ukraine

### **Description**

Must see. It is the 1930s, all over again. Same clique in Ukraine as behind Germany's suicidal war. Same style.

Who are these people? One hint: look at the ethnic composition of the government. And what's gonna happen? Same as the defeat of Germany. But hopefully, more this time. The defeat of the sponsors of the carnage.

Fool me once, shame on you. Fool me twice, shame on me.

Russia knows it, no fooling around this time. The world knows it too.
