

Bucovina Back to Romania?

Description

??Bishop Longin suffers an induced heart attack whilst being stopped & harassed by Ukrainian troops at a checkpoint.

?Metropolitan Longin is an ethnic Romanian Bishop from the Western Ukrainian region of Bucovina. He has refused to recognise Zelensky's "new fake church".

??Previously, the Romanian Government, church and media have campaigned in defense of Bishop Longin and the rights of persecuted ethnic Romanians on Bucovina.

By persecuting Romanians in Bucovina Zelensky's regime only accelerates the potential & justification for a Romanian annexation of Bucovina.

?Go Romania! Protect your compatriots! Protect your Orthodox Bishops! Take back Northern Bucovina!

?Putin has given you permission.
