

Europe Today as Led by Housewives

Description

While the EU is going into the Middle Ages, Ursula still wants to arm Ukraine with tanks... They are closing their smelters and the iron factories, how are they going to arm themselves?

“This is a fight about the victory of democracy and the defeat of autocracy.”

She is speaking of democracy defeating autocracy while she is not an elected official, no one voted for her.

Oh, we have the answer, it is the Open Society. Soros will provide his billions. But, but . . . he has no gas, nor petroleum. His organization worked for 25 years to undermine Russia, but his men missed the main point in the plot: the energy. Oooops...
